## Making Miracles Happen Everyday

Our caring and generous community that gives to Children's Miracle Network make it possible for miracles to happen everyday at Faxton-St. Luke's Healthcare. Your gift to the Children's Miracle Network makes a difference in the lives of so many children by enabling Faxton-St. Luke's to:

- **offer** the area's only Level II Special Care Nursery staffed 24 hours a day, seven days a week by neonatologists, physicians who provide "special care" to sick or premature babies.

- **provide** a community educational program called

Project Kids Care, a mobile pediatric training program designed to provide paramedics and EMTs with continued pediatric training throughout Herkimer, Madison and Oneida Counties.

- **offer** an OB Care Center for women with little or no insurance to ensure they have healthy pregnancies.

- **support** our Project Kids Talk. This program provides the needed speech therapy services to speech and language impaired children who have little or no insurance to cover the cost of the service.

- **provide** pediatric equipment and services for our Emergency Department at the St. Luke's Campus and our Urgent Care at the Faxton Campus.

- **employ** a full-time Child Life Specialist who provides a one-on-one relationship with each child and helps them work through their fears of hospitalization and helps make the child's stay more comfortable.

Thank you for your generosity to the Children's Miracle Network and for being a champion for the children in the Mohawk Valley.
